Frequency Contracts

Contract must be signed for frequency rate billing. Non-contract inserts are billed at the 1 to 5 time rate. Any page size falling between the page sizes listed below will be billed at the next highest page rate.

Inserts count toward ROP contract fulfillment. To determine the number of inches applied to ROP contracts, divide the cost of the insert by the applicable daily or Sunday rate.

Frequency contract rebate / short rate

Advertisers who have a frequency contract and achieve a higher level during the contract period may upgrade their contract at the higher level for the remainder of the contract term.

Advertisers who do not achieve contract frequency levels during the contract period will be re-billed for the difference at the appropriate level performed.

ROP Support

Up to two (2) full page ROP advertising pages may be purchased at a 50% discount within a window of 15 days prior to or after the insert's publication date. The insert must be distributed a full run daily or 128,000 Sunday to qualify. The discount applies to space only
